# TIMPANY SCHOOL'S JOURNEY OF EXCELLENCE IN LITERARY EVENTS!

**A PROUD MOMENT: RUNNERS-UP AT  
FRANK ANTHONY ALL-INDIA MEMORIAL  
DEBATE COMPETITION  
CATEGORY -II**

Timpany School is proud to announce that the debate team of class 10 Samriddhi Mishra and Vasudha Sharma emerged as the Runners-Up in the prestigious Frank Anthony All-India Memorial Inter-School Debate Competition (Category II) held on 14th July 2025 at NASR School, Khairatabad, Hyderabad. Competing against some of the finest 28 young debaters from across the region, our team displayed exceptional clarity, confidence, and critical thinking.

The highlight of the event was the stellar performance of Samriddhi Mishra of class 10, who not only stood out as one of the most impactful speakers of the day but was also awarded the Best Speaker title. To add to the accolades, two of the esteemed judges gave a Special Mention to her interpretation of the topic, articulate delivery and powerful argumentation — a rare and commendable recognition.

This achievement is a testament to the hard work, rigorous preparation, and team spirit of our debaters, guided by the unwavering support of their teachers. Their success has brought pride to the entire school community and serves as an inspiration for all aspiring orators.

We extend our heartiest congratulations to the team and wish them even greater success in the upcoming competition at the zonal level!

# FRANK ANTHONY ALL-INDIA MEMORIAL DEBATE COMPETITION - HYDERABAD CATEGORY -I

The Frank Anthony Memorial All India Inter - School Debate Competition, Category-I, was held at St. George's Grammar School, Abids, Hyderabad, on July 14, 2025. Timpany School, the sole representative from Andhra Pradesh, participated in the competition among 8 schools.

The topic for the debate was "AI in Education Widens the Gap between Privileged and Underprivileged Students".

Diya Chaturani (Mercury House Captain) of class XII, spoke in favour of the motion, highlighting the potential of AI to widen the gap between privileged and underprivileged students. Anirudh Reddy (Sports Captain) of class XII argued against the motion, emphasizing AI's potential to bridge the educational gap.

Both debaters delivered impressive performances, showcasing their research, critical thinking, and oratory skills.

We wish them continued success in their future endeavors and congratulate them on representing Timpany in The Frank Anthony Debate Competition.

# ALBERT BARROW MEMORIAL ALL INDIA SCHOOL - CREATIVE WRITING COMPETITION

The Albert Barrow Memorial All India School Creative Writing Competition 2025 was held on 11th July 2025 at Saint Ann's High School, Secunderabad, and witnessed participation from various schools across the country.

Thanu Sri of class 12 from Timpany School, Visakhapatnam, Andhra Pradesh was the sole participant from the state. Despite being the only representative from Andhra Pradesh, she delivered a commendable performance showcasing her literary prowess.

## CYBERBULLYING AWARENESS SEMINAR

On 22nd July 2025, a cyber safety awareness seminar was conducted for students of Classes 7 and 8 by Mrs. Vandana Abraham, Principal and Director of Timpany School.

In her gentle and engaging manner, Ma'am spoke about the growing risks of the digital world and stressed the importance of delaying phone ownership to the age of 15, a rite of passage that helps protect young minds from online harm. Ma'am also explained how cyberbullies can exploit innocence by circulating inappropriate images or hurtful comments, which can severely impact a child's confidence and self-worth. She encouraged students to be alert and to always share such incidents with a trusted adult, block such bullies, and prioritize their mental well-being. The session also covered the emotional effects of cyberbullying such as anxiety, depression, and even self-harm and how early help and the right choices can lead to a safe and happy online life. At the end of the session, the students shared their thoughts and

experiences with many expressing how inspired they felt to take better care of themselves and their peers in the digital space.

# CISCE ZONAL LAWN TENNIS COMPETITION INAUGURAL CEREMONY AT TIMPANY SCHOOL

Timpany School had the proud privilege of hosting the CISCE Zonal Lawn Tennis Meet this year at the renowned Khan Tennis Academy on 28th July 2025. The event brought together talented players from various schools across the zone, including St.Aloysius Anglo-Indian High School, Bethany School, Future Kids Global School, St. Joseph's High School, De Paul School, St. Francis E.M.B. High School and our very own Timpany School, creating an exciting atmosphere of competitive spirit and sportsmanship.

The tournament provided a fantastic platform for young athletes to showcase their skills and dedication to the sport. Our school community played a vital role in the success of the event, with staff working tirelessly to ensure everything ran smoothly. The well-maintained courts at Khan Tennis Academy added to the overall experience, making it a memorable tournament for all involved. Former national tennis player and owner of Khan Academy, Mr. Khan, as well as the Principal-cum-Director of Timpany Schools, Mrs. Vandana Abraham, encouraged the players by speaking a few inspiring words. The presence of Timpany School's Vice Principal, Mrs. Georgina Veronica, at the inaugural ceremony was also noted. The CISCE Zonal Lawn Tennis Tournament was not just a competition but also a celebration of camaraderie, discipline, and the spirit of sportsmanship.

# TIMPANY SCHOOL EXCELS AT ASISC ZONAL QUIZ COMPETITION

The ASISC Zonal Quiz Competition was held on 30th July 2025 and hosted by De Paul School, Ukkunagaram, Visakhapatnam. The event featured three categories: Sub-Junior (Classes VII and VIII), Junior (Classes IX and X), and Senior (Class XI). Timpany School performed exceptionally well across all three categories, securing merit certificates in each. In the Sub-junior category, Vasireddy Arjun and Rithvik Sreeraj bagged the third position. In the Junior category, Pranav Ashwath Goday and Gandhi Venkata Sai Rithvik Naidu were the Runners up.

We congratulate the Senior category winners, Venkata Siva Surya Kolla and Baratam Dhruti who have clinched the first place defeating Alwardas Public School; and hope that they continue their outstanding performance in the regionals at Hyderabad.

# TIMPANY SCHOOL AT ASISC ZONAL CREATIVE WRITING COMPETITION 2025

---

On 30 July 2025, three students from Timpany School had the opportunity to participate in the ASISC Creative Writing Competition, Zonal Level, hosted at Gloria Vidhya Kendran English Medium School (GVK E.M School) in Kurmanapalem, Visakhapatnam. The event was held in the school library, offering a quiet and focused setting for participants to bring their ideas to life. Representing Timpany were Rishika Madhogaria in the Sub-Junior Category, Kanika Jain in the Junior Category, and Preetam Sekharamantri in the Senior Category.

The competition began with a 30-minute planning session at 9.20 a.m., followed by 90 minutes of writing. Topics were given on the spot, encouraging spontaneous creativity and thoughtful expression. The word limits were 300 for Sub-Juniors, 400 for Juniors, and 500 for Seniors. The topics for each category were:

Senior – "A choice that changed everything"

Junior – "A day without internet"

Sub-Junior – "My friendship with a robot"

We are proud to share that Preetam Sekharamantri from the Senior Category emerged as the Zonal Winner and will now represent Timpany School at the Regional Level Competition in Hyderabad. The experience was more than just a contest. It was a celebration of creativity, confidence, and the power of words.

# TIMPANY SCHOOL AT ASISC ZONAL DRAWING & PAINTING COMPETITION 2025

Timpany School is proud to announce the achievements of its students at the ASISC Zonal Drawing & Painting Competition 2025, held at De Paul School, Ukkunagaram, Visakhapatnam. K. Sahasra of Class 12 secured First Place in the Senior Category, showcasing exceptional creativity and artistic expression. In the Junior category, P. Jai Sriram Reddy of Class 9C won Third Place, while Sivakoti Navadeep of Class 8B earned Third Place in the Sub-Junior category. These achievements stand as a testament to the students' imaginative talent and hard work. Timpany School congratulates the young artists for their outstanding performance and encourages them to continue exploring and expressing their creativity through art.

# ASISC ZONAL LEVEL DECLAMATION COMPETITION HOSTED BY TIMPANY SCHOOL, VISAKHAPATNAM

---

Timpany School, Visakhapatnam, proudly hosted the ASISC Zonal Level Declamation Competition on 31st July 2025, bringing together eloquent young speakers from various schools to showcase their oratory skills. The event was judged by Ms. Subhashini Dattam, a distinguished alumna of Timpany School.

In her address, Ms. Subhashini Dattam expressed that she felt honoured and privileged to return to her alma mater as a guest. Appreciating the remarkable efforts and confidence displayed by all the speakers, she encouraged the participants by saying that taking small steps could lead them up the ladder of success.

The competition featured three categories – Sub-Junior, Junior, and Senior – with the following winners:

## **Sub-Junior Winners:**

- First Place: Daksh Agarwal – De Paul School
- Second Place: Sk. Suhaan Sultan – Alwardas Public School
- Third Place: Penta Revan – Timpany School

## **Junior Winners:**

- First Place: Biswabibhusita Sahoo – De Paul School
- Second Place: Abhiroop Sarkar – Timpany School
- Third Place: Y. Anjana Naidu – Alwardas School

## **Senior Winners:**

- First Place: Diya Deepak Chaturani – Timpany School
- Second Place: E. Rhaema Kezya – Alwardas School

The event concluded with a heartfelt Vote of Thanks delivered by Mrs. Vandana Abraham, Principal-cum-Director of Timpany School. She commended all the participants, remarking that each one was already a winner, as the very act of stepping forward and speaking confidently was, in itself, a victory, regardless of the outcome. She further expressed her admiration for the eloquence with which each participant had spoken. Ma'am expressed her delight at hosting the event at Timpany School and witnessing such exceptional talent. She also extended her sincere gratitude to Ms. Subhashini Dattam for graciously accepting the invitation to judge the competition, thanked the Vice Principal and coordinators for their support, and acknowledged the English Department for their dedicated efforts in mentoring and guiding the participants.

# ASISC ZONAL LEVEL DEBATE COMPETITION HOSTED BY TIMPANY SCHOOL, VISAKHAPATNAM

On 1st August 2025, Timpany School had the honour of hosting the ASISC Debate Competition under the Fr. George Hess Memorial Zonal Literary Competition for AP Zone – 1 (Andhra Pradesh and Telangana). The ASISC Debate Competition brought together eloquent and sharp-minded students from ICSE and ISC schools across the region. The competition was divided into two categories—Junior Category for Classes IX and X, and Senior Category for Classes XI and XII. Each debate round focused on thought-provoking topics relevant to today's socio-economic climate.

The Junior Category debated the motion: “Cashless and E-Transactions have made life safe, easy, and comfortable.” Three ICSE schools participated, with each team articulating their points confidently and with conviction. Tummidri Sri Ananya and Aishwarya Rambilli (Class X) of Timpany School emerged victorious, impressing the judges with their convincing arguments and powerful stage presence. In the Senior Category, the topic “Freedom of Speech has become a Myth,” sparked deep and meaningful discussion. Two ISC school teams participated.

The team from Timpany School, comprising Lucky Keswani (Class XI) and Muskan Choraria (Class XII), claimed first place with their compelling reasoning, rebuttals, and impactful delivery. The debate was adjudicated by Dr. G. Vijaya Lakshmi, Assistant Professor at Gayatri Vidya Parishad, Visakhapatnam. Her thoughtful evaluation and encouraging presence elevated the standard of the event.

The programme concluded with a heartfelt vote of thanks delivered by Mrs. Vandana Abraham, Director-cum-Principal of Timpany School. She praised the students for their courage and clarity, stating, “Stepping forward and speaking out is what counts,” and affirmed that “the leaders who spoke today will be the hallmark of future leaders.” She also expressed her sincere appreciation to the English Department, all the teachers, and the moderators for their tireless efforts in organising the competition. The event served not only as a platform for academic excellence but also as a celebration of youthful voices, leadership, and the art of civil discourse. Timpany School extends warm congratulations to all winners and participants for making the event a resounding success.

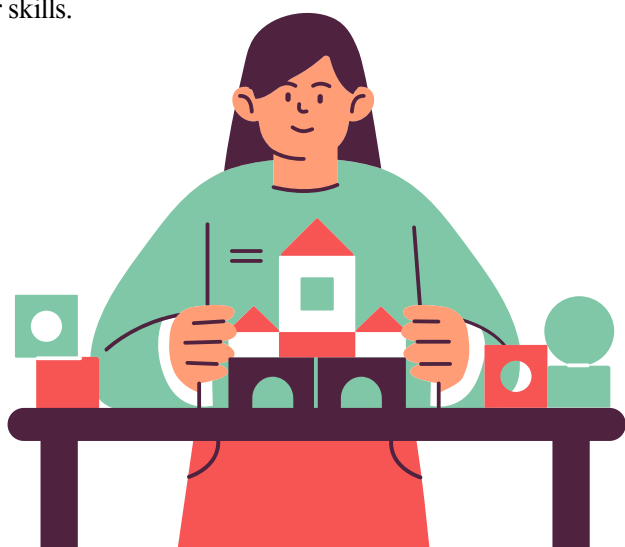

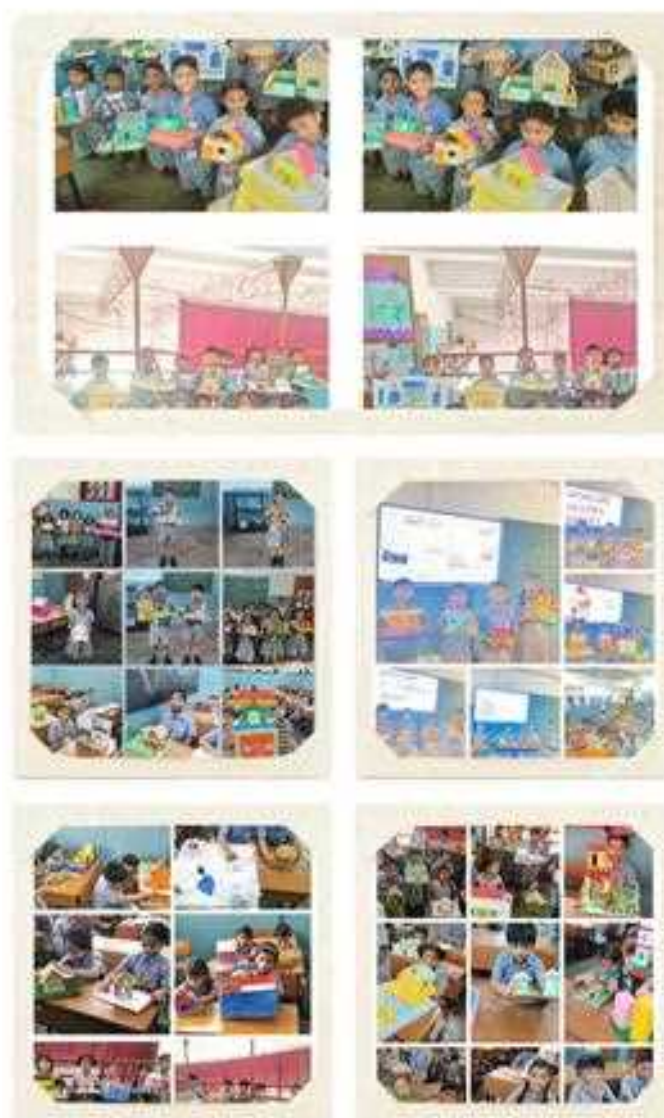

# CLASSROOM ACTIVITIES: BUILDING SKILLS BEYOND ACADEMICS.

Timpany School emphasises a well-rounded education by integrating various activities within the classroom alongside the academic curriculum. These activities enhance students' intellectual development, creativity, and critical thinking skills. Such an approach supports the overall growth of students, preparing them to meet future academic and personal challenges with confidence.

## CLASS 2:

As part of their learning on materials and homes, Class 2 recently took part in an exciting hands-on project where they designed and built their own models of houses. The aim of the activity was to help students understand the different features of houses, the materials used in construction, and how buildings serve as shelter. The children worked individually and in small groups, using a variety of materials such as cardboard, paper, fabric, plastic, and recyclable items. They demonstrated creativity and problem-solving as they constructed walls, roofs, windows, and doors. Many models even included thoughtful details like gardens, chimneys, and furniture, showing the children's enthusiasm and attention to detail.

Throughout the project, students discussed the purpose of different parts of a house, and they reflected on what makes a house strong, weatherproof, and comfortable. The activity is also linked to their geography lessons, where they compared homes in different parts of the world. The final models were displayed in the classroom. Parents and staff were impressed by the creativity and effort shown by all students. This project not only supported learning in science, design, and technology but also helped build teamwork, communication, and fine motor skills.

## Nursery Green Day Celebration

On Friday, 11th July 2025, our Nursery children celebrated Green Day with great joy and enthusiasm. Dressed in vibrant green outfits, they brought green cutouts of balloons, guavas, grapes, capsicum, cucumber, and confidently spoke about them in class. The day was filled with exciting activities, and as a special takeaway, each child carried home a green watermelon cutout and a little tree in their hands. It was truly a fun-filled, memorable day for our little ones!

### CLASSES 1 to 4 - Storybook Character Day

The students of Classes 1 to 4 brought their favorite stories to life on 14th July 2025. From witches and wizards to wild creatures and curious girls, Storybook Character Day was a magical celebration of reading and imagination.

To encourage love for books and storytelling, students were invited to dress up as their favorite storybook characters. It was a vibrant and imaginative day at school, filled with excitement and creativity. From classic fairytale heroes to modern literary legends, the classrooms came alive with colour and fun.

We saw wizards from Harry Potter, adventurers like Peter Pan, curious minds like Matilda, and many more enchanting characters! Beloved figures like Snow white, Little Red Riding Hood, Goldilocks, Cinderella, Geronimo Stilton, Sherlock Holmes and superheroes from comic books also made special appearances!

Children proudly showcased their costumes in a special parade and took part in story-themed classroom activities, including Character Show & Tell and Story Time with Teachers.

This event not only brought beloved books to life but also sparked a deeper enthusiasm for reading and storytelling in every student. It also strengthened communication skills, encouraged emotional expression, and deepened their understanding of stories; all while making learning fun and engaging.

### CLASS 1

## CLASS 2

## CLASS 3

## CLASS 4

### **LKG - “Stack, Count & Learn” – A Fun-Filled Learning Activity!**

On 18th July, 2025, our little learners of LKG had an engaging “Stacking and Counting” activity in class. Using simple, child-safe materials, our children explored the joy of arranging, building, and counting — all through play! This hands-on activity helped develop their fine motor skills, concentration, number sense, and problem-solving abilities in the most joyful way. It was a delight to watch them participate with excitement, confidence, and lots of smiles. At this age, every touch, every move, and every count builds the foundation for lifelong learning, and our tiny tots did it wonderfully well!

### **UKG - FRIDAY - FUN DAY! - Learning Numbers with Laughter!**

Our energetic little learners had a fantastic time on Friday - Fun Day with a creative and interactive number game! The activity was all about learning numbers from 1 to 100 in a playful and engaging way. As the teacher called out numbers one by one, the children listened attentively and counted aloud together. The excitement grew as they approached the multiples of ten—10, 20, 30, and so on—because that was their cue to quickly sit down on a chair! This game not only made number recognition enjoyable but also helped them sharpen their listening skills and stay alert. The classroom was filled with smiles, laughter, and joyful learning as the children eagerly waited for their chance to sit when their favourite number was called. Fun, movement, and learning blended beautifully, making Math a subject to look forward to! Counting has never been this fun!

### **LKG Shapes Day!**

Our Twinklers had a joyful and colorful time exploring shapes through a fun-filled hands-on activity! The children worked in teams to identify and decorate different shapes like circle, triangle, rectangle, oval, star, square, semi-circle, and heart.

Using coloured paper, glue, and lots of creativity, the young learners pasted shape cut-outs and confidently recognized each one displayed on the board. This interactive session not only helped them learn the names and features of various shapes but also enhanced their teamwork, imagination, and fine motor skills.

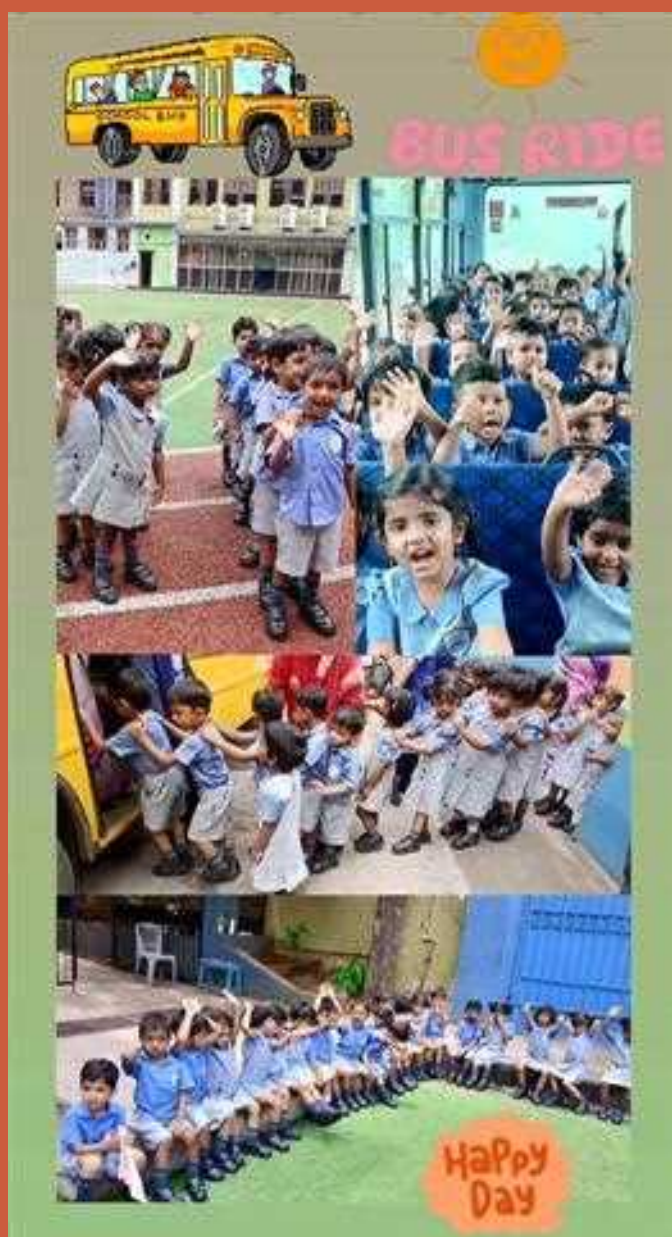

## UKG MANGO ACTIVITY DAY

Our little learners had a fruit-filled day celebrating the Mango Activity in a fun and educational way! The children enjoyed a hands-on group activity where they matched letters to form the word MANGO using cute mango-shaped cutouts. They sat together in a circle, excitedly participating and collaborating with their peers, building not only word recognition skills but also teamwork and coordination. Dressed in their vibrant House uniforms, the young ones were bubbling with enthusiasm and curiosity throughout the session. This activity not only strengthened their literacy skills but also made learning an enjoyable and memorable experience! Learning is truly sweeter with mangoes!

### Bus Ride Adventure for Timpany Twinklers

On 21st and 22nd July, 2025, our Timpany Twinklers embarked on an exciting adventure - the much-anticipated bus ride! With beaming smiles and eager faces, the children boarded the bus and set off on a short, memorable journey. The bus ride was a resounding success, filled with laughter, excitement, and learning. Our Timpany Twinklers had an absolute blast. They sang songs on the bus, enjoying the rhythm and melody together. As they rode by, the children excitedly viewed animal statues, taking in the sights and sounds.

### Fun at the Park!

Our Nursery children had a wonderful day at the school park on 24th July 2025. They played on the swings, slid down the slide, and ran around in the green grass. The sunshine and fresh air made them happy and energetic. They saw beautiful flowers, trees, and were filled with laughter and excitement. They will remember their happy day at the park.

### Counting with Grapes- A Juicy Learning Day Activity!

On 17th July 2025, the nursery children of Timpany School had a delightful time exploring the world of grapes through hands-on learning, creativity, and sensory activities using both real and paper grapes. They practised counting, sorted grapes by colour, and explored their sweetness, texture, and flavour. The children also created grape-inspired art using coloured paper, stamps, markers, and paint. Such sensory experiences help in developing awareness and promote healthy eating habits.

### ACTIVITY DAY IN CLASS!

Our Nursery children took part in activities that brought out their imaginative capabilities! Cosplay of professions, making of paper crafts and interactive activities were a part of the day. Activities like these help our little ones improve their attention span, build confidence and have fun while learning.

### Matching Capital and Small Letters Activity

The LKG children of Timpany School had a fun-filled learning experience as they joyfully matched capital letters with their corresponding small letters using colourful ice cream sticks. This hands-on activity strengthened their letter recognition skills and enhanced their fine motor development. The little ones participated enthusiastically, turning learning into an enjoyable playtime experience.

## LKG -Outdoor Playtime Fun

Our LKG children were delighted to spend joyful moments playing on the ground. Outdoor play gave them a chance to explore, run, and enjoy the fresh air, promoting their physical fitness and social skills. Their laughter and excitement filled the day with happiness.

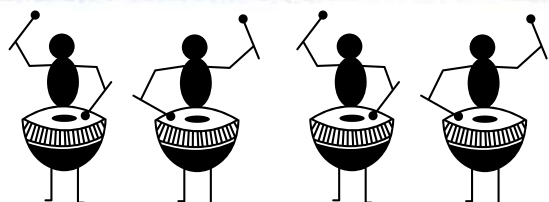

## CLASS 6

As part of the topic Physical Quantities and Measurements, students of class 6 from Timpany School were introduced to a new instrument—the metre scale. They used it to measure the height of various objects and learned how to take accurate measurements. Through hands-on activity, they also understood the concept of parallax error and how it affects accuracy. The activity helped them develop observational skills and apply measurement techniques with care and precision.

## CLASS 9

Warli Art, a traditional tribal art form from Maharashtra, can be effectively integrated into various academic projects. This folk art, characterised by simple geometric shapes such as circles, triangles, and squares, is used to represent nature and human activities in a village setting, often depicting festivals, celebrations, and daily routines. It offers natural integration with subjects such as Mathematics and History. As part of the activity, students engaged in pencil drawing and sketching to creatively and precisely recreate Warli patterns.

## CLASS 10

Class 10 students of Timpany School observed a demonstration on experiments related to photosynthesis as a part of their Biology lesson. The session illustrated key concepts such as the role of sunlight, carbon dioxide, and chlorophyll in the process. This hands-on demonstration helped strengthen understanding through visual and practical learning.

## CLASS 11

Class 11 students of Timpany School conducted a simple pendulum experiment as part of their Physics Practicals to calculate the acceleration due to gravity at their location. They carefully measured the time period for different lengths of the pendulum and applied the standard formula to find the value of 'g'. The experiment was successfully carried out, and the students obtained a result very close to the expected standard value, demonstrating accuracy in their observations and calculations.

## CLASS 11

Class 11 students of Timpany School conducted a titration experiment in the chemistry laboratory as part of a classroom activity. The objective was to determine the molarity of an unknown solution through careful analysis and observation. The activity provided valuable insight into real-world chemical applications and precision in experimentation.

## CLASS 6

### Classroom Activity on Flower – A Learning Experience

To make the topic of flowers more engaging and interactive, a hands-on activity was conducted in the classroom. Students were given fresh flowers of hibiscus. During the activity, they carefully observed and dissected the flowers to identify and label different parts—sepals, petals, stamens, and pistils. The activity helped reinforce theoretical knowledge in a fun and practical way, encouraging curiosity and participation. Overall, this flower activity enhanced students' understanding of the topic and made the learning process more enjoyable and memorable.

### Class Picnic to VUDA Park

The much-awaited class picnic for the students of classes 1 and 2 at VUDA Park was filled with fun, laughter, and unforgettable memories. As the children arrived at the park, their faces lit up with excitement. The lush greenery, open spaces, and refreshing sea breeze created the perfect setting for a joyful outing.

The day began with a walk through the beautifully maintained gardens and scenic spots of the park. The children were thrilled to explore the play areas, where they enjoyed the swings, slides, and other fun rides. Laughter echoed around as they ran, played games, and took part in group activities.

A special highlight of the day was the beach view, which made children watch the tides- high and low. It was a fun and relaxing experience that brought smiles to everyone's faces. Later, the students sat down for a delicious breakfast, sharing snacks and stories with their friends and teachers.

As the day came to an end, the children were tired but happy. They returned with hearts full of joy and minds filled with sweet memories of a fun-filled day at VUDA Park!

# picnic

CLASS I

PICNIC TIME

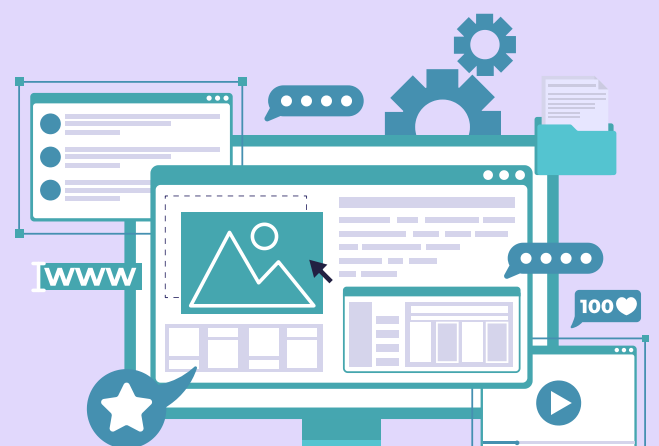

# BAGLESS DAY AT TIMPANY SCHOOL

As part of the Bagless Day activity for Class 12, a few students took the lead by explaining a piece of computer code to the class in a simple and engaging way. The session encouraged peer learning and created a relaxed atmosphere for discussion. It also helped boost confidence and improve communication skills among students.

Class 10 students utilised Bagless Day to thoughtfully curate events for the upcoming Grandparents' Day. They contributed their time and effort toward arranging performances, designing décor, and finalising the flow of the programme. The atmosphere was filled with enthusiasm and teamwork as students prepared to express appreciation for the older generation.

On Bagless Day, Class 11 students actively engaged in preparations for the upcoming Grandparents' Day celebration. The day was dedicated to planning, organising, and rehearsing various activities and performances. Students worked collaboratively to create a memorable experience for their grandparents. This initiative allowed them to showcase their creativity while honouring the values of respect and gratitude.

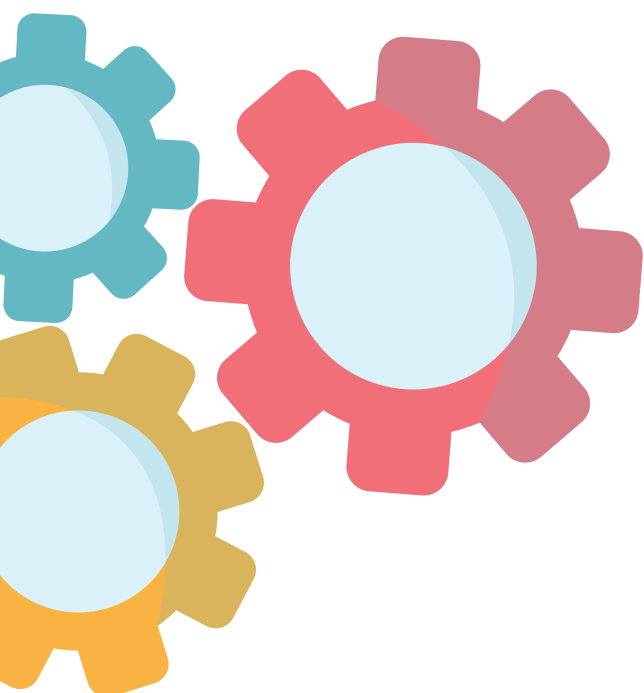

# STEM WORKSHOP

The 3-day STEM labs Teacher Training Programme was conducted at Timpany School, Visakhapatnam, from 15th to 17th July 2025, for Computer Science and AI-Robotics teachers from all three Timpany Schools. A total of 14 teachers participated actively. On Day 1, the training began with the segregation of components for five lab setups and equipment verification. Teachers were introduced to core STEM and Robotics concepts, followed by an overview and demonstration of all the DIY kits provided. The hands-on activity with the STEAM Paper Circuit Kit—Study Time Circuit—sparked interest and engagement among participants.

Day 2 included hands-on sessions using various kits such as the Smart Circuit Kit (LED control and motor circuits), Basic Breadboard Kit (resistors and seven-segment displays), Tinker & Design Kit (3D pen prototyping), Mechatron Kit (table fan with remote control mechanism), and a module on using a multimeter to measure voltage. On the final day, teachers learned how to use the LMS platform to manage lessons, assignments, and student interaction. In the AIConnect session, they explored coding and DIY kit programming through simple AI and image detection projects. Using Micro: bit, they created fun projects like Digital Dice and LED patterns with block-based coding. In the 3D Printing module, teachers learned how 3D printing works, designed small objects like keychains and boxes, and successfully printed a 3D boat model. The training ended on a positive note with enthusiastic participation from all teachers.

# SUPERANNUATION OF MS. MARY CARMEL

On the 31st of July, 2025, the staff and students of the Primary Block of Timpany School (ICSE) came together to honour and celebrate the remarkable service of Ms. Mary Carmel, who retired after years of devoted service as a pre-school teacher. Known for her commitment, compassion, and the lasting impact she made in the lives of countless young learners, Ms. Carmel's retirement was marked by heartfelt gratitude and admiration.

The event was graced by our beloved Director-cum-Principal, Mrs. Vandana Abraham, Vice Principal, Ms. Georgina Veronica, and the guest of honour, Ms. Mary Carmel herself. The programme began with a scripture reading by Mrs. Sujana, followed by a prayer led by Mrs. Neeraja. Mrs. Evelyn then delivered a warm and gracious welcome address, setting a respectful and emotional tone for the occasion. A soul-stirring hymn was presented by the Junior School Teachers' Choir, adding a touch of serenity to the ceremony. Ms. Mounica shared a touching presentation, highlighting Ms. Carmel's personal and professional milestones—each a testament to her dedication and love for teaching.

Director Ma'am honoured Ms. Carmel with a saree, bouquet, and gifts as tokens of appreciation from the school. In her address, she commended Ms. Carmel for her patience, nurturing spirit, and tireless dedication to her students. In response, Ms. Carmel expressed heartfelt gratitude to the management, her students and colleagues, fondly recalling the many cherished memories she made throughout her journey at Timpany. The superannuation of Ms. Mary Carmel was a beautiful blend of joy, gratitude, and emotion. We extend our sincere wishes for a joyful, healthy, and fulfilling retirement. May this next chapter of her life be as inspiring as her years of service.

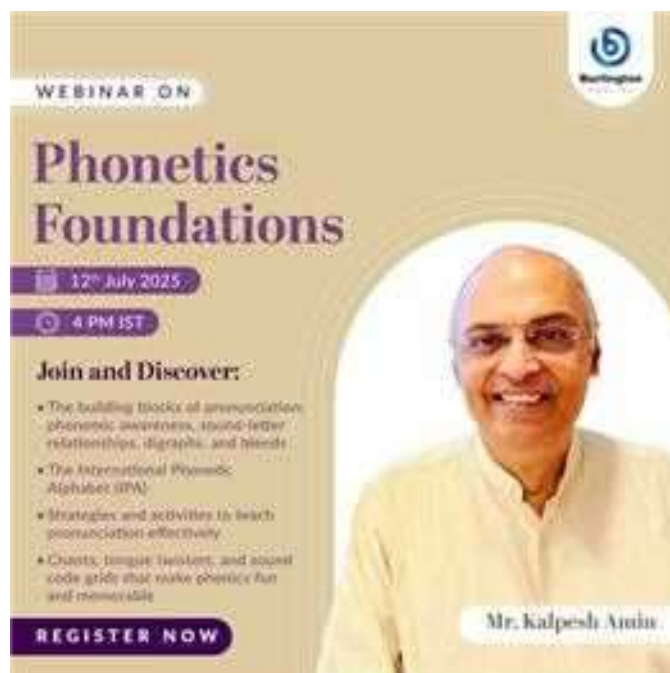

## Webinar on Phonetics Foundations

The staff of Timpany School and Timpany Senior Secondary School attended a session on 12 July 2025, conducted by Mr. Kalpesh Amin, introducing phonemic awareness, sound-letter relationships, digraphs, and blends. Participants learned about the International Phonetic Alphabet (IPA). Fun classroom strategies and activities, like chants and tongue twisters, were shared to make phonics easy and enjoyable.

## STEM LAB WORKSHOP - TSSS & TSCS (AI & ROBOTICS)

In our commitment to fostering innovation and 21st-century skills among students, Timpany Schools recently facilitated specialised training for the Science and Math faculty in the use and implementation of STEM (Science, Technology, Engineering, and Mathematics) labs, conducted by Mr. Bambino Clansman and the Yahweh Team, focusing on training teachers in the areas of Artificial Intelligence (AI) and Robotics. The sessions were held across both Timpany Senior Secondary School and Timpany Steel City School from July 15–17, 2025. The workshop introduced educators to the STEM Lab kits received for students from Classes 1 to 12, along with a structured hands-on training experience. The training focused inquiry-based approaches, and the integration of technology to enhance the teaching-learning process. Teachers were trained in AI, Robotics, and STEM concepts, including circuit connections, 3D modelling, and coding. They explored various toolkits and apps, such as AI Connect, STEM Robolearn, and TinkerCAD, and learned to install and operate 3D printers." The workshop was interactive, practical, and insightful, equipping teachers to implement STEM-based experiential learning in classrooms with confidence and creativity.

# MEGA PTM 2.0 AT TIMPANY SCHOOL

---

Timpany School proudly hosted the Mega Parent-Teacher Meet 2.0 on 10th July 2025, as part of the Andhra Pradesh government's initiative to strengthen ties between schools, families, and the wider community. The event brought together honoured parents, remote teachers, ex-students, and enthusiastic students in a spirit of shared purpose and collaboration. The event revolved around the meaningful theme: “Ek Ped Maa Ke Naam”; a beautiful initiative that encouraged every family to plant a tree in honour of their mothers. As a part of this green drive, some parents and guests were presented with potted plants and a symbolic ‘Green Passport’, representing their commitment to nurturing both nature and values at home.

Distinguished dignitaries graced the occasion, including District Collector and Magistrate Mr. N. Harendra Prasad, Assistant Commissioner of Police Sri Aakula Raghavendra Rao, Dr. M. Shanti Prabha, and Dr. Rakhi. Their presence, along with the unwavering support of our Director cum Principal, Mrs. Vandana Abraham, added depth and significance to the day. The programme featured heartfelt speeches by notable alumni who reflected on their journeys and the pivotal role Timpany played in shaping them.

- Elina Claire Fernandez, School Captain (2024–2025) and Science stream topper, spoke warmly about how the school shaped her leadership and academic growth.
- Maddukuri Hitasree, Mercury House Captain (2024–2025) and Humanities stream topper, shared how the school gave her countless opportunities and helped her grow into herself.
- Chitneedy Monish Sai Sri, Grade 10 topper, recalled his journey from being a shy little boy in Grade 1 to a confident student, expressing deep gratitude to his teachers and the school environment.

Parents were also invited to share their experiences. Their emotional reflections and heartfelt words about the school's support, values, and consistent dedication to student development deeply resonated with the audience. One of the most touching moments of the programme was the “Washing of Mothers’ Feet”—a symbolic gesture of love and respect, where students washed their mothers’ feet as a mark of gratitude and humility. Muskan Choraria, School Captain (2025–2026), delivered a powerful message on “Say No to Drugs,” urging students to make responsible choices and lead a healthy, drug-free life. Diya Deepak Chaturani, Mercury House Captain (2025–2026), presented a concise and informative speech on “Cyber Fraud Awareness,” highlighting the importance of staying vigilant online and reporting any suspicious activity.

In his address, District Collector Mr. N. Harendra Prasad shared, “Learning should be about showing students all the different possibilities around them, not forcing anything on them.” He emphasised the importance of letting go of rigid expectations and making decisions based on what is truly best for each child. Quoting Kung Fu Panda, he reminded students: “The past is history. The future is a mystery. What truly matters is today. That is why it is called the present.” Dr. M. Shanti Prabha served as a keen observer during the event, visiting classrooms and interacting with students and teachers to understand how school systems and teaching processes were being implemented.

The event concluded with a gracious Vote of Thanks by Director cum Principal Mrs. Vandana Abraham, who stated: “When the government, educators, parents, staff, and students come together, we can reach new heights.” She expressed heartfelt appreciation to the dignitaries, alumni, staff, parents, and students, emphasising the power of unity and shared purpose. The Mega Parent-Teacher Meet 2.0 was more than just an event—it was a celebration of connection, commitment, and collaboration. With inspiring voices, heartfelt reflections, and a shared vision for growth, the day served as a powerful reminder of the impact a united school community can create.

# MEGA PTM 2.0: STRENGTHENING THE PARENT-SCHOOL PARTNERSHIP

The second edition of Mega PTM 2.0 at Timpany Senior Secondary School was a resounding success, echoing the spirit of collaboration between parents, teachers, and students. Held with great enthusiasm and meticulous planning, the event went beyond traditional parent-teacher meetings to foster deeper dialogue, celebrate student achievements, and reflect on shared goals for holistic development. The school campus was abuzz with activity as parents participated in open discussions with educators, explored student portfolios, and engaged in interactive sessions that focused on academics, values, and co-curricular progress. Teachers provided valuable feedback on each child's strengths and areas of growth, while also listening to parental inputs and concerns with empathy and openness.

The event began with a warm welcome of the guests, Dr. Vinod Birra; Dr. Madhavi Betham, the Alumni - Ankur Tadipatri and Anagh Sarda, parents, teachers and students by our Principal, Mrs. Maryann Abraham. The teachers' choir then led the gathering with the rendition of our State song 'Maa Telugu Thalliki' and Mrs. Susanna Swarna and Mrs. Yerra Rajini testified to the contributions of this Institution towards their children. The School Captain, Khushaal Raju Bhupathiraju, spoke on the need to say 'NO TO DRUGS' and the School Vice-Captain, Joanna Maria Dougherty, expressed her views on 'Cyber Fraud Awareness' and the importance of being cyber sensitive.

One of the most heartfelt moments of the programme was the 'Washing of Mothers' Feet' — a deeply moving gesture where students, with tears in their eyes and love in their hearts, washed their mothers' feet as a powerful expression of gratitude, humility, and unconditional love. As an initiative of 'Ek Ped Maa Ke Naam', saplings were distributed by the guests to the parents. The guest of honour, Dr. Vinod Birra, spoke on the occasion, praising the School's efforts in shaping and building every child's future. Dr. Madhavi Betham administered the pledge, which was a promise by the parents to ensure their child receives the best education. Our dear Principal, Mrs. Maryann Abraham, concluded the Mega PTM 2.0 with a heartfelt voice of appreciation.

## TIMPANY STEEL CITY SCHOOL "MEGA PARENT TEACHER MEET 2.0"

Timpany Steel City School organised the Mega Parent-Teacher Meet 2.0 on July 10, 2025, as part of the Andhra Pradesh Government's initiative to strengthen school-home relationships. A key highlight of the event was the heartfelt "Talliki Vandanam" programme, dedicated to honouring the invaluable role of mothers. The Chief Guest, Mr. Peela Ramakrishna (Janasena District Coordinator), praised the school's commitment to holistic and value-based education. Other dignitaries included Mrs. Pallavi Peela, Mr. Lalith Kishore (Parent Association Member), Principal Mrs. Christobel Stevenson, Vice-Principal Ms. Dominica Savarimuthu, and alumni Mr. Mani Venkatesh (2011) and Mr. Ajay Gopiseti (2025).

The event featured emotional student speeches, a welcome dance, a choir performance, and engaging games for parents. The heart-warming part of the event was children washing their mothers' feet, symbolising gratitude, humility, and love. As part of the green initiative "Ek Ped Maa Ke Naam", saplings were planted in honour of mothers. A text message from alumni Mr. Kollabathula Karthik (Joint Collector, Nellore) acknowledged the school's role in shaping student success.

Mrs. Christobel Stevenson, Principal, Timpany Steel City School, expressed her heartfelt gratitude to all the parents who actively participated in the Mega Parent-Teacher Meeting 2.0. She emphasised that this initiative is in alignment with the Right to Education Act, 2009, and the National Education Policy, 2020, aiming to encourage holistic community participation in education. The presence and involvement of our parents play a pivotal role in our mission to provide a well-rounded, quality education. We believe that this event has strengthened the trust and partnership between our school and the parent community. We remain committed to this journey of collaboration and to providing an enriching educational experience for every child entrusted to our care.

Ms. Savarimuthu Dominica, Vice-Principal, Timpany Steel City School, delivered her vote of thanks to the gathering and the event was concluded with a pledge by the parents to encourage and celebrate each child's efforts and achievements and respect their thoughts and concerns.

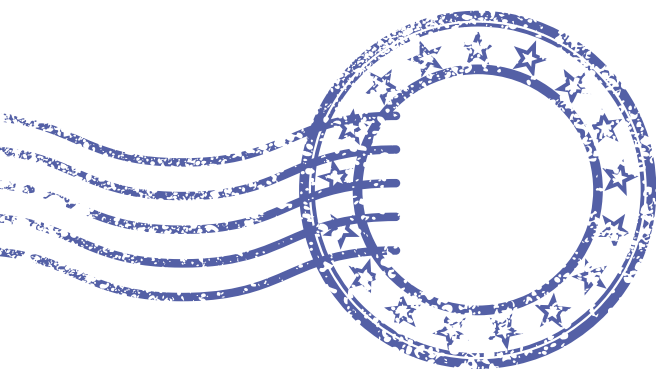

# CBSE ACTIVITIES-TIMPANY SENIOR SECONDARY SCHOOL UN@80 STAMP DESIGNING: A TRIBUTE IN ART

As the United Nations completes 80 remarkable years of promoting global peace, cooperation, and sustainable development, designing a commemorative UN@80 stamp becomes a powerful way to celebrate its legacy through art. A postage stamp is more than just a means of communication — it is a miniature canvas that reflects history, culture, and values. The UN@80 stamp aims to visually capture the journey of the United Nations since its founding in 1945, symbolising its mission to foster peace, protect human rights, and encourage global unity. Designing a stamp for UN@80 is not just an artistic endeavour — it is a celebration of global citizenship and a call to shape a more peaceful and inclusive world. The students expressed their creativity by designing stamps for this occasion.

## “SAPNON KI UDAAN”

“Sapnon Ki Udaan” is a digital e-magazine launched on August 23, 2024—India’s inaugural National Space Day—to commemorate Chandrayaan-3’s successful lunar landing at the Moon’s South Pole. Developed by the Department of School Education & Literacy in collaboration with NCERT, the magazine is also promoted through CBSE’s network. The initiative aligns with NEP 2020, aiming to make education inclusive and equitable, sparking scientific curiosity and creative expression among learners across the nation. The students of Classes 6 to 12 viewed a video in this regard for a deeper understanding of the initiative.

## “SMART ANDHRA STARTS WITH CLEAN ANDHRA”

The "Clean Andhra" campaign is a people-driven movement aimed at promoting cleanliness, environmental responsibility, and sustainable living across the state. A key focus of the campaign is the elimination of single-use plastics, which pose a grave threat to our environment. Plastics not only pollute land and water bodies but also endanger wildlife and public health. As part of this drive, citizens are urged to adopt eco-friendly alternatives such as cloth bags, paper products, biodegradable cutlery, and steel containers. The students of classes 9-12 expressed their concerns regarding the issue by witnessing and participating in an initiative to curb the impending issue.

## “EK PED MAA KE NAAM”

A Tree for Mother – A Tribute Rooted in Love

“Ek Ped Maa Ke Naam” is a beautiful and heartfelt initiative that encourages individuals to plant a tree as a living tribute to their mothers. Our school proudly participated in this meaningful movement by organising a tree plantation drive, where students planted saplings in honour of their mothers. Each tree symbolised the selfless care, unconditional love, and strength that every mother embodies. Students also wrote messages and created placards expressing their feelings, making the event emotionally enriching and memorable.

# DOLPHIN CONSERVATION AWARENESS

## CBSE'S ROLE IN DOLPHIN CONSERVATION: INSPIRING YOUNG MINDS FOR A SUSTAINABLE FUTURE

The Central Board of Secondary Education (CBSE) has been playing a proactive role in supporting dolphin conservation efforts across India. Through various awareness programs and student-led activities, CBSE aligns itself with the broader national initiative — Project Dolphin — which focuses on the protection of both riverine and marine dolphin species, especially the endangered Ganges River Dolphin, India's National Aquatic Animal.

As part of this effort, Timpany Senior Secondary School engaged students in poster-making competitions, pledge ceremonies, awareness rallies, and interactive educational sessions. These activities aim to foster a sense of responsibility among students toward wildlife conservation and highlight the critical threats dolphins face, such as habitat destruction, water pollution, and accidental entanglement in fishing nets.

# OBSERVANCE OF INCOME TAX DAY- TIMPANY SENIOR SECONDARY SCHOOL “RESPONSIBLE TAXATION. RESILIENT NATION.”

On the occasion of Income Tax Day, a seminar was organised on 24th July, 2025, for the students of Classes 11 and 12 under the able guidance of our Principal, Mrs. Maryann Abraham. The Resource persons for the seminar were Mr. M.V.N.S. Bhavan Narayana, Income Tax Officer; Mr. Prasanta Kumar Grahacharya, Inspector of Income Tax; Mr. B. Nageswara Rao, Inspector of Income Tax and Mr. P. Ramu Naidu, Inspector of Income Tax.

The session turned out to be an engaging and informative event, which helped students understand the historical background and the fundamentals of Income Tax. The visiting team presented saplings to the students, promoting eco-friendly practices to save the environment for their future. The session featured slides explaining the origin and evolution of income tax in India, highlighting its introduction in 1860 and the journey through various reforms leading to the Income Tax Act of 1961. Students also watched an informational video explaining the key features of the Income Tax Bill 2025 that was recently introduced to modernise and simplify the existing tax. The video broke down the new provisions into clear, simplified points, highlighting streamlined chapters and reduced legal complexity. The seminar also included an interactive quiz round, where students who answered correctly were awarded a certificate. This added a fun and competitive element to the learning experience. The Q&A session that followed was indeed a brainstorming session, wherein the Guest speaker, Mr. M.V.N.S. Bhavan Narayana, patiently answered the queries of many students. The session concluded with a heartfelt vote of thanks by our Principal, Mrs. Maryann Abraham, who expressed gratitude to the officers for such an enlightening session.

# TIMPANY INTER-SCHOOL LITERARY COMPETITION: A SHOWCASE OF YOUNG TALENT AND ELOQUENCE

The Timpany Inter-School Literary Competition was held on 25th July 2025 at Timpany School with great enthusiasm, bringing together budding orators and performers from all three Timpany schools for a spirited celebration of literary talent. The event featured three main categories—Character Dramatics for Classes 1 to 4, Elocution for Classes 5 to 8, and Extempore for Classes 9 to 12 —each designed to challenge students' creativity, expression, and presence of mind.

The event began with a Prayer by Mr. Mohan and the welcome of the dignitaries, Director cum Principal of Timpany Schools, Mrs. Vandana Abraham; Vice Principal, Mrs. Georgina Veronica; the Judge, Ms. Lydia House, who is an experienced educator, school administrator and English Language consultant with over 25 years of diverse teaching experience. The other judges were the Talentease teachers of all three Timpany Schools. In Category 1 (Classes 1 to 4), participants took part in Character Dramatics, where students brought iconic literary figures to life on stage through powerful monologues and dramatic performances. It was a treat to watch young performers step into the shoes of characters with remarkable poise and imagination.

Category 2 (Classes 5 to 8) featured the Elocution Competition, where students showcased their public speaking skills through well-researched and passionately delivered speeches. Their clarity of thought, articulation, and confidence left the audience truly impressed. Category 3 (Classes 9 to 12) tested students' spontaneity and critical thinking in the Extempore event. Given just a few minutes to prepare on the spot, participants delivered thoughtful and impactful speeches on a variety of thought-provoking topics, demonstrating quick wit and composure under pressure. Our students performed with confidence and commendable stage presence.

We are proud to share the names of our winners. They are as follows:

## **Character Dramatics**

1. Aashvith Rudra and Akshara Lalitha of Timpany School.
2. T. Rithanya of Timpany Senior Secondary School and Medikonda Dithya of Timpany Steel City School.

## **Elocution**

1. Arjun Apramey of Timpany School, Samar Singh of Timpany Senior Secondary School and Aatrika Kar of Timpany Steel City School.
2. Jian Jain of Timpany School and Vidisha Solanki of Timpany Steel City School.

## **Extempore**

1. Amay Raj Singh of Timpany Steel City School and Hetaa Galam of Timpany Senior Secondary School.
2. Samriddhi Mishra of Timpany School and Nieah Mallidi of Timpany School.

The competition was a true celebration of expression and learning, inspiring students to think deeply, speak clearly, and perform boldly. We congratulate all the participants for their spirited efforts.

# CBSE WORKSHOP AT TIMPANY STEEL CITY SCHOOL A STEP INTO THE FUTURE

A Capacity Building Program was organised by Timpany Steel City School for the teachers on July 05, 2025, on the topic 'Use of AI in Classroom,' aimed at empowering educators with innovative AI-integrated teaching strategies." Dr. Parul Kumar, Principal, Navy Children School & Mrs. Sreedevi Atluri, International School Co-ordinator, DPS, were the Resource Persons, aimed to familiarise educators with the integration of Artificial Intelligence (AI) into classroom teaching, in alignment with CBSE's vision for competency-based education.

Teachers actively participated in hands-on sessions exploring AI tools such as SORA, Duolingo, ChatGPT, Gemini, and others. Activities included the creation of AI-powered lesson plans, newsletters, and interactive presentations, showcasing the transformative potential of AI in daily teaching practices. The workshop highlighted how AI can enhance teaching efficiency by simplifying tasks like quiz grading, personalised feedback, and curriculum planning. Mrs. Christobel Stevenson, Principal of Timpany Steel City School, appreciated the initiative and encouraged staff to embrace technology as a powerful tool.

# TIMPANY SENIOR SECONDARY SCHOOL THE TWINKLERS IN ACTION

## LEARNING THROUGH PLAY EVERY DAY

### Mess-Free Painting Activity

Our Nursery students had an innovative mess-free painting activity on 1st July, 2025. They were able to spread the paint inside the ziplock bags using their fingers, creating patterns and mixing colours without direct contact with the paint. An effective and unique way to strengthen gross and fine motor skills!

### Apple Mosaic Activity

Our tiny tots displayed their artistic skills on 11 July, 2025, using their tiny hands to tear the paper and then glue the pieces onto the apple outline, filling the shape. This activity focused on fine motor skill development and artistic expression.

### Stick A Ball Challenge

Our little stars had absolute fun with our "Sticky Ball Fun Day!" activity on 25 July, 2025. Children eagerly participated in this simple yet incredibly engaging game. It was wonderful to see their concentration as they aimed, and the pure joy on their faces when a ball successfully adhered to the tape. This activity not only brought out their inner playful spirit but also subtly honed their hand-eye coordination and aiming skills.

## Handprint Creations

The Handprint Art Exploration Activity was conducted on 15 July, 2025, to foster their creativity, develop fine motor skills and sensory exploration. Children used their hands to create unique prints on paper, experimenting with various colours. Children eagerly dipped their hands into the paint, showing delight in the sensory experience. Children enjoyed comparing their hand sizes and colourful art.

## Bead Stomp Sensory Play Activity – A Day of Joy and Creativity!

The 22nd of July, 2025, was a day filled with laughter, colour, and tiny hands at work. The little ones were thrilled, dipping the beads into the paint and stamping on the paper balloon.

# THE ALPHABET RAMP WALK BY TIMPANY TWINKLERS

Learning with Style, Embracing Knowledge with Confidence and Flair! The Timpany Twinklers at Timpany Senior Secondary School exhibited their prowess on 28 July, 2025, with an alphabet parade enthralling all the spectators. From A for Apple to Z for Zebra, this ramp walk was not just about fashion—it was about learning, creativity, and confidence. Each child embodied their assigned letter through colourful costumes and props, bringing language to life with every step they took.

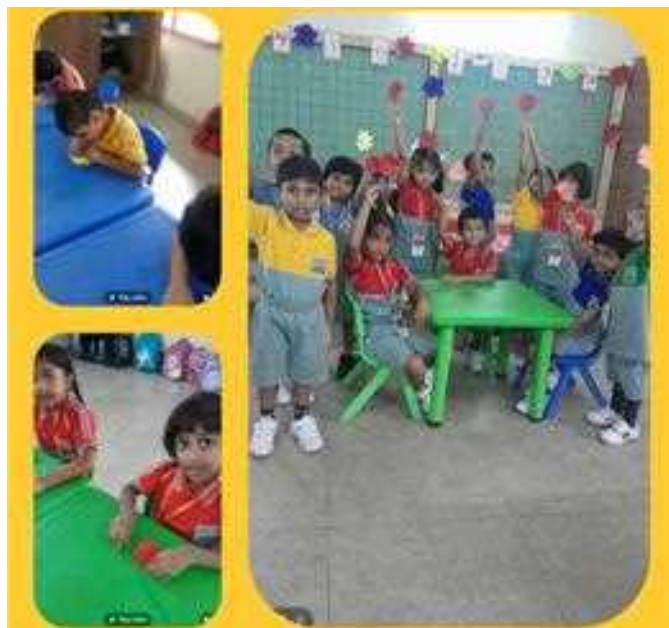

### **Making of Paper Flowers**

On 04 July, 2025, our LKG children had fun and were excited about making paper flowers. This activity enhanced creativity, focus and built patience. After completing a pretty flower, the children wrote Ff on the flower. This helped them to connect the letter F with the word and enabled the children to learn and write the letter F.

### **Paper Glass Hut**

Our little children had great joy with this creative craft activity on 11 July, 2025. They decorated the paper glass by drawing windows and doors with water colours. The children wrote Hh on the hut. This activity helped the children to develop their fine motor skills, imagination, recognition of letter 'H' and also improve their handwriting.

### **Identify and Spot the Shape**

Recognising and identifying shapes is an essential early learning skill for young children. This wonderful activity was conducted on 11 July, 2025, wherein children were given shapes made of colourful papers and were asked to spot the shape. The little ones enthusiastically looked at the shapes like circles, squares, triangles and rectangles drawn on the chart. They identified and placed the shapes confidently. This helped in developing visual observation and cognitive abilities. It was a joyful learning experience that made them understand basic geometric shapes.

### "Scoop-a-licious Fun!"

On the 18th of July, 2025, our little kids had a joyful time creating their own paper ice-cream using colourful paper and ice-cream sticks. To add a learning element, the children wrote the letter I on it, helping them to recognise and practice the formation of the letter I.

### Paper Gun Origami – A Fun Craft Time!

Our little UKG learners had an exciting time making paper guns using origami on 04 July, 2025. With careful folding and lots of enthusiasm, the children followed simple steps to create their own paper guns. This hands-on activity not only sparked creativity but also helped improve their fine motor skills and focus.

The kids were thrilled to show off their paper creations and proudly posed with smiles. It was a fun-filled session that turned simple paper into imaginative play!

### Learning Shapes with Fun!

Our UKG children had a wonderful time exploring different shapes through a fun-filled hands-on activity on 18 July, 2025. Using colourful cutouts of circles, triangles, rectangles, and squares, the little ones created beautiful shape models with great enthusiasm. This activity helped them understand shapes better while boosting their creativity and fine motor skills. Learning is so much fun when we do it together!

### K for Kite – A Fun Letter Activity!

Our UKG children had a joyful learning experience on 21 July, 2025, with the letter K. As a creative takeaway, each child was given a colourful kite shape, where they wrote words beginning with the letter K, like kite, key, king, and kangaroo. This activity helped build their vocabulary, improved their handwriting, and made learning letters fun and engaging. Flying high with learning and creativity!

### “Healthy Food” Activity

Our UKG children took part in a joyful and meaningful “Healthy Food” activity on 22 July, 2025. Each child made a colourful flower with petals showing healthy food items like milk, rice, fruits, vegetables, and pulses. Along with learning about nutritious food, the little ones also practised and learnt the spellings of these words. This hands-on activity made learning fun, boosted creativity, and built awareness about healthy eating habits in a playful way!

### Before, After, Between

Our Class 1 students had an exciting time learning numbers through a fun-filled “Before, After, Between” activity. Each child worked with colourful number strips to identify the numbers that come before, after, and between given numbers. This hands-on activity helped them understand number order and develop strong counting skills. The students enjoyed colouring their strips and writing the correct numbers with focus and enthusiasm. It was a joyful way to learn math through creativity and play!

### Smart Eating, Healthy Living – CBSE Oil Board Drive

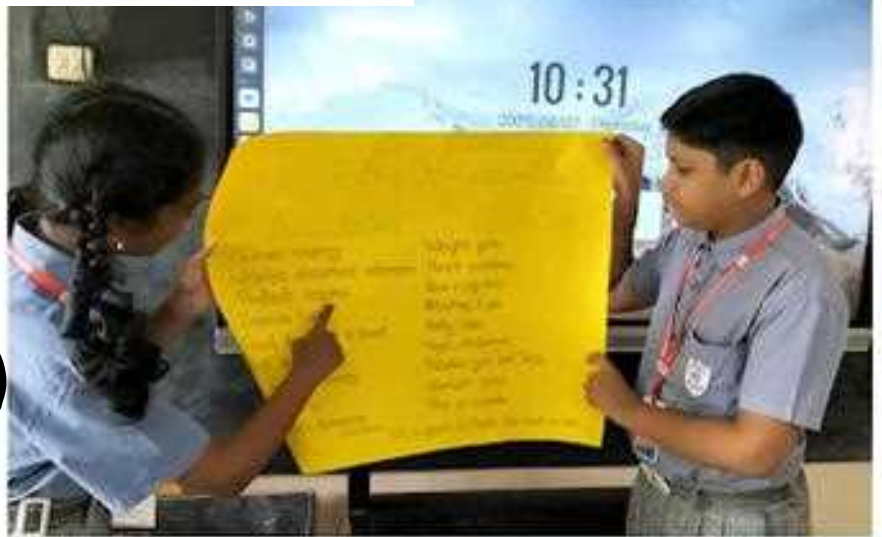

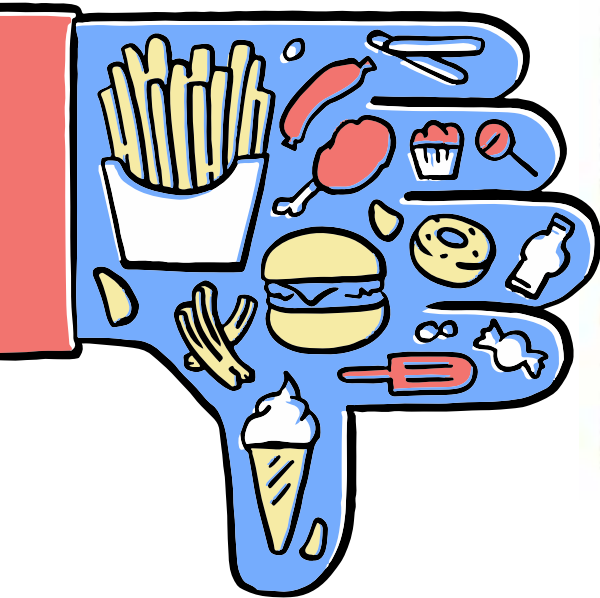

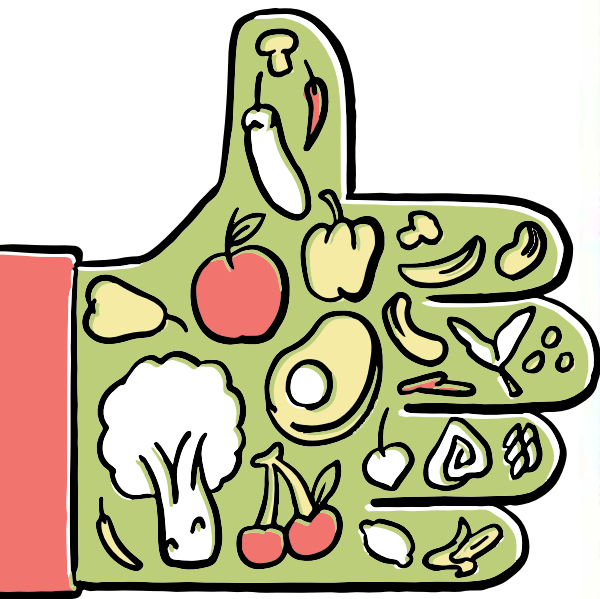

In alignment with CBSE’s health and wellness initiative, an Oil Board Awareness Activity was conducted to help children understand the importance of healthy eating habits. Our children took part with great interest and enthusiasm. They created thoughtful posters and messages on oil boards, highlighting the harmful effects of junk food and promoting fruits, vegetables, and home-cooked meals. This interactive and visual approach helped them learn through doing, making the message more meaningful and memorable. We are proud of their creativity and awareness and look forward to continuing such activities that support their well-being.

Always  
eat  
Right

# LESS OIL - MORE LIFE

“Aware minds, healthy lives—learning that lasts beyond the classroom.”

In alignment with CBSE’s experiential learning approach, the students of Timpany Steel City School enthusiastically participated in the Oil Board Campaign, an extension of the earlier Sugar Board initiative aimed at promoting healthier lifestyle choices. This hands-on activity empowered students to explore the types of edible oils, their nutritional value, and the health implications of excessive consumption. Going beyond textbooks, students collaborated on notice boards, penned informative articles, engaged in classroom discussions, and tested their knowledge through interactive quizzes. The campaign not only deepened their understanding of the risks associated with high oil intake—such as obesity, heart disease, and lifestyle-related conditions—but also instilled critical thinking and practical awareness. It was a meaningful blend of research, creativity, and real-life application, truly reflecting the essence of CBSE’s vision for holistic and experiential learning.

## BAGLESS DAY ACTIVITIES AT TIMPANY SENIOR SECONDARY SCHOOL

### Eat Right, Stay Bright! - Balanced Diet

On 25 July, 2025, children brought healthy food like fruits, vegetables and grains. Children eagerly shared and spoke about the different food groups. The activity encouraged awareness of healthy eating habits and a balanced diet.

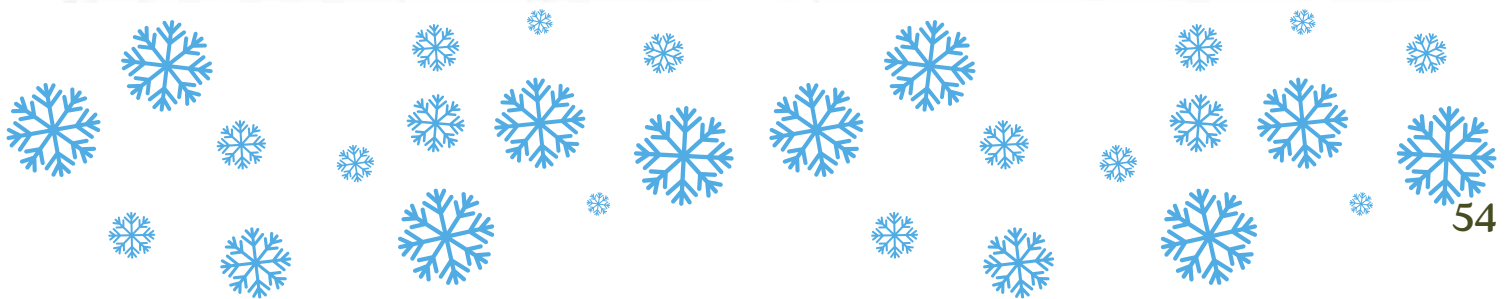

# FABRIC FUN

The discussion on the topic “All About Clothes” on 04 July, 2025 was fun and informative. Children learned about the importance of clothes, different fabrics, and seasonal clothing. They were divided into groups, and each group shared information about one type of cloth. The activity was exciting and helped children explore real materials and share their clothing preferences.

# IGLOO MAKING

On 25 July, 2025 ,students made miniature igloos using coconut shells, cotton, glue, and cardboard. This fun activity helped them learn how houses vary in different climates, especially in cold regions. It also boosted their creativity and fine motor skills.

# ANIMAL ART WITH GROUNDNUT SHELLS

The students did a fun animal art activity on 04 July, 2025, using groundnut shells! They used the shells to make cute animals like a giraffe and a lion. It helped them learn about animals. They had a great time making art with natural things!

## FLASH CARD - MY FAVOURITE INSECT

As a part of bagless day activity on 25 July, 2025 ,each student pasted a picture of one insect and found out its body parts, colour, feeding habits, habitat and lifespan. They learned about the head, thorax, abdomen, wings, and legs. It was exciting to see them observe closely about the insect. This activity made learning fun and helped them understand insects better!

## SHINY METALS AND MAGIC MINERALS

An engaging and educational activity on “Metallic and Non-Metallic Minerals” was conducted for Class 4 students on 04 July, 2025 . The main objective was to help young learners understand the types of minerals, identify their ores, and recognize the everyday products derived from metals and non-metals. The activity sparked curiosity and deepened students’ appreciation for the natural resources that shape our everyday lives. It was a delightful blend of knowledge, creativity, and fun in the classroom!

# TINY WONDERS REVEALED - OBSERVATION OF YEAST CELLS

Students of Class 4 participated in a fascinating lab activity on 25 July, 2025, where they observed yeast under a simple microscope. Through guided observation, they learned about the shape, structure, and role of yeast in our daily lives. This hands-on session was aimed at introducing young learners to the microscopic world and enhancing their understanding of microorganisms.

## HANDS-ON-SCIENCE: TESTING FOR STARCH IN LEAVES

This activity, conducted on 25 July 2025, not only enhanced their scientific observation skills but also sparked curiosity about how plants function. Students were excited to observe the colour change to blue-black, indicating the presence of starch. This visual demonstration helped reinforce the concept of photosynthesis effectively.

## FROM GARDEN TO PAGE - HERBARIUM

This activity helped students observe and appreciate the diversity in leaf shapes, sizes, textures and colours. Students enthusiastically labelled their specimens, noted down key features, and even researched the names and uses of the plants. It was heartening to see the curiosity and excitement with which the students participated in this nature-based learning.

# BAGLESS DAY ACTIVITIES TIMPANY SENIOR SECONDARY SCHOOL

## Class 5 - Mimicry Session – Unleashing the Inner Performer!

A lively Mimicry Session was conducted for the students of Class 5. The event aimed to spark creativity, sharpen observation skills, and build self-confidence through the performing arts. Students enthusiastically took part in the event, presenting humorous and expressive mimicry acts of popular personalities, cartoon characters, and familiar voices. Their performances showcased their keen sense of voice modulation, body language, and timing, all while keeping the audience thoroughly entertained. The session not only brought laughter and joy but also helped students explore the power of expression and performance. It was a delightful platform for young talents to shine!

## Class 6

### Young Explorers' Itinerary

Class 6 students stepped into the shoes of travel agents and designed their dream vacations. They researched destinations, crafted creative brochures, and presented exciting itineraries filled with sightseeing, food, culture, and fun! This activity helped students develop their creative writing, critical thinking, and presentation skills while also learning about different countries and cultures. Students explored their interests, enhanced their communication skills, and showcased their imagination through this fun and educational journey around the world!

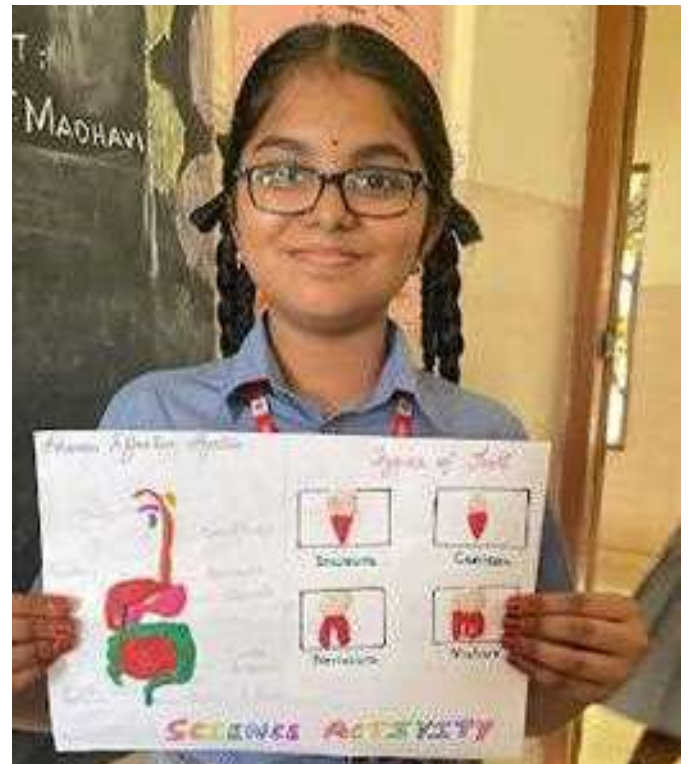

## Class 7

### Eco-friendly Clay Model Activity

Students of Class 7 enthusiastically participated in an Eco-friendly Clay Model Activity aimed at reinforcing science concepts through hands-on learning. Students were divided into three groups and created clay models on the following topics:

- Amoeba engulfing its food
- The human digestive system
- Different types of human teeth and their arrangement in the upper and lower jaw

Using eco-friendly modelling clay, the students skillfully crafted and displayed their models in the classroom. The activity encouraged creativity, teamwork, and a deeper understanding of biological structures, while also promoting the use of sustainable materials.

## Class 8

### Building a Sustainable City

Students participated in a classroom activity on Sustainable Cities, where they explored eco-friendly urban planning concepts such as green spaces, clean energy, and smart technology. They designed models and drawings of sustainable cities, showcasing ideas like solar-powered buildings, rainwater harvesting, and public transport systems. The activity aimed to raise awareness about reducing pollution and creating healthier, climate-resilient urban environments.

### Eat Right, Stay Bright – The Power of a Balanced Diet

To promote healthy eating habits, students took part in a classroom activity on the importance of a Balanced Diet. They learned about the Healthy Eating Food Pyramid and the significance of including the right portions of grains, fruits, vegetables, proteins, and dairy in their meals. The session emphasised reducing the intake of fat, sugar, and salt, and using healthy cooking methods like steaming and boiling. Students created posters, food charts, and meal plans to demonstrate their understanding. The activity helped raise awareness on how making smart food choices supports a healthier lifestyle.

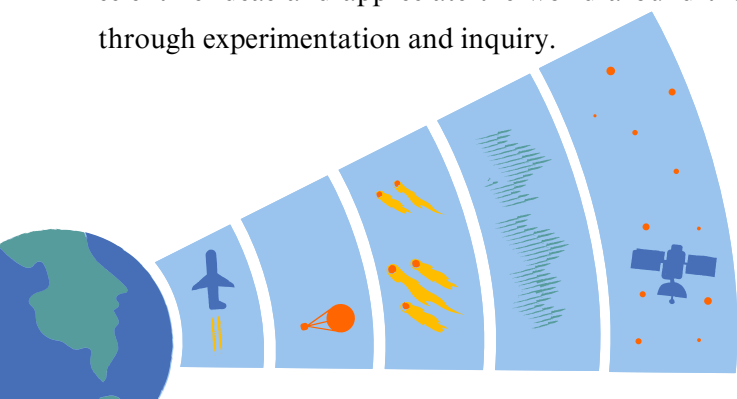

### Classroom Chronicles

#### *Pressure Turned into Passion for Science!*

Class 8 students of Timpany Senior Secondary School recently explored the fascinating concept of atmospheric pressure through a series of engaging and hands-on activities. These interactive sessions helped students grasp the scientific principles in a fun and memorable way. Their curiosity and enthusiasm turned the learning experience into a great success! We are proud of their eagerness to delve deeper into scientific ideas and appreciate the world around them through experimentation and inquiry.

### Food Pyramid

## STEM District Level Deliberations-2025

The STEM District Level Deliberations 2025 hosted by the Principal of Visakha Valley School, Dr. Eswari Prabhakar on 31st July, 2025 at Visakha Valley School was an inspiring confluence of innovative minds, dedicated educators, all coming together to explore the limitless possibilities of Science, Technology, Engineering, and Mathematics (STEM) and Languages.

Distinguished educators, academic heads, and STEM coordinators and the staff of Timpany Senior Secondary School actively participated in thought-provoking discussions aimed at enhancing classroom engagement and fostering critical thinking, problem-solving, and creativity among learners. Mentioning of STEM projects, robotics models, AI-based experiments, and sustainable innovations added a vibrant, hands-on element to the deliberations, showcasing how STEM education can effectively bridge the gap between theory and practical application.

Key highlights included:

- Panel Discussions on integrating emerging technologies like AI, AR/VR, and coding into school curricula.
- Presentations of district-level STEM initiatives and best practices.

The deliberations concluded with a visionary action plan aimed at nurturing scientific curiosity, innovation, and 21st-century skills among students, ensuring they are future-ready and capable of solving real-world challenges.

The STEM District Level Deliberations 2025 truly reflected the district's commitment to excellence in education, paving the way for a generation of innovators and problem solvers.

## Rainy Day Bliss ☁️

Our little nursery stars from Timpany Steel City School had a splashy Rainy Day Activity! 🌧️ They enjoyed pasting buds and clouds on their craft sheets and learned all about the rainy weather. The best part – they came dressed in raincoats and carried colourful umbrellas, looking super cute! The classroom was full of giggles and joy as they played, learned, and explored the rainy day theme. They went home happily with big smiles and rainy day memories!

## "Monsoon Masterpieces: A Celebration of Creativity and Joy"

Our little UKG stars from Timpany Steel City School had a joyful time engaging in a fun-filled Monsoon-themed activity! The children made colourful kites, raindrops, and fluffy clouds, using paper, colours, and lots of creativity. This hands-on activity helped enhance their fine motor skills, imagination, and understanding of the rainy season. It was heartwarming to see their happy faces as they proudly displayed their beautiful creativity.

## Ignite The Minds

The students of Class V from Timpany Steel City School sparked curiosity and inspiration by confidently presenting their ideas to peers. Their active involvement reflected exceptional thinking, teamwork, and communication, turning every classroom session into a platform for shared growth and learning.

## Preliminary Literary Event Rounds at Timpany Steel City School

Preliminary rounds for various literary events were conducted at Timpany Steel City School to foster creativity, boost confidence, and enhance communication skills among students. Classes I to IV: Character Display – Students enthusiastically dressed up as characters from storybooks and brought their favourite tales to life.

Classes V to VIII: Elocution – Participants confidently expressed their thoughts on diverse topics, showcasing their public speaking abilities. Classes IX to XI: Extempore – Students were challenged to speak impromptu on given topics, highlighting their quick thinking and articulation. These rounds served as a platform for students to discover their talents and prepare for the upcoming final competitions.

**From classrooms to meadows— learning never stops!"**

Students of Class III-C and Classes VI (A, B, C, D) from Timpany Steel City School enjoyed a fun-filled picnic at Nehru Park, where learning and leisure came together in a joyful way. Through sports, group games, and interactive activities, they developed important skills such as collaboration, critical thinking, and physical coordination. Guided by their teachers, the day provided a refreshing break from routine while reinforcing the joy of experiential learning beyond the classroom.

# PRAYER MEETING

## "TRUST IN THE LORD WITH ALL YOUR HEART, DO NOT DEPEND ON YOUR OWN UNDERSTANDING." - PROVERBS 3:5

On 23rd July, 2025, the monthly prayer meeting was held at Timpany School in the School Chapel, in the esteemed presence of Mrs. Vandana Abraham, Director-cum-Principal, Timpany School; Mrs. Maryann Abraham, Principal, Timpany Senior Secondary School; Mrs. Christobel Stevenson, Principal, Timpany Steel City School; Mrs. Georgina Veronica, Vice Principal, Timpany School; Miss Dominica, Vice Principal, TSCS, along with faculty and staff from all three institutions. The service commenced with an opening prayer led by Mr. Enoch, followed by a responsive reading from Psalm 96:1-13 conducted by Mrs. Rebecca. The Scripture Reading, taken from 2 Timothy 1:1-17, was read by Mrs. Mohana. The choir team led the congregation in heartfelt praise and worship, expressing love, adoration and reverence to God for His faithfulness.

The exhortation was delivered by Pastor Samuel Sam David of Airport Baptist Church. He spoke on 'Unspoken taints bothering our life'. He cited the faithful lives of various Godly women in the Bible, such as Eunice, Lois, Jochebed and Abigail and how their faith forced them to trust God and act accordingly. He related them to teachers, stating that they could be effective influencers, positive creators and people who can do wonders. He summed up the word, stating that 'God works when we trust Him'. The meeting concluded with Holy Communion, the offertory, closing prayer, and the benediction pronounced by Pastor Samuel Sam David. The prayer meeting was spiritually edifying, offering peace and divine refreshment to the soul.

## CELEBRATING GENERATIONS, CHERISHING BONDS – GRANDPARENTS DAY AT TIMPANY SCHOOL

Grandparents Day was joyfully celebrated at Timpany School on 30th July 2025. Students from nursery to class 12 enthusiastically planned and participated in a variety of engaging activities, including games, skits, and dances. These creative performances showcased the students' heartfelt affection and gratitude towards their grandparents, making the occasion truly special and meaningful. Alongside the lively events, a photo booth was set up to capture precious moments between the students and their grandparents. The event highlighted the invaluable role grandparents play in nurturing wisdom, love, and family heritage, creating a warm and inclusive atmosphere that strengthened intergenerational connections throughout the campus. This unique tradition at Timpany School emphasises the importance of family bonds and respect for elders, fostering a loving environment where generations come together to celebrate shared memories and create new ones.

# “HANDS THAT HELD US FIRST”

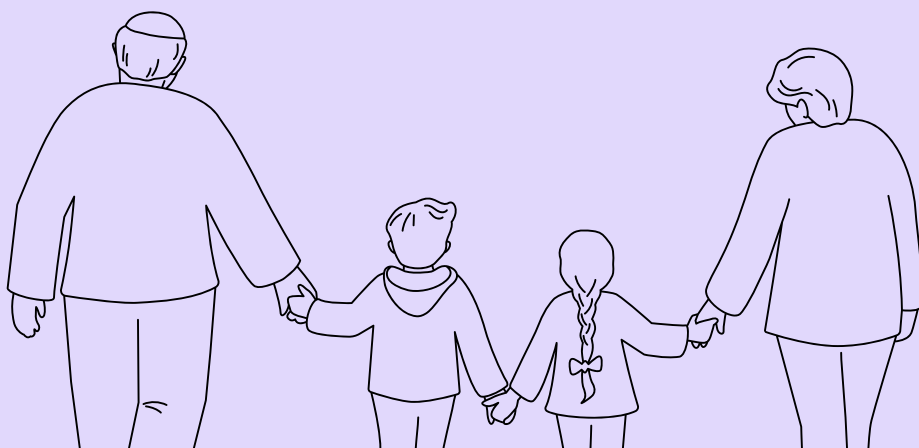

## GRANDPARENTS’ DAY CELEBRATIONS

Grandparents are our roots and our wings. They connect us to our family history while guiding us forward with stories, songs, traditions, and values. Their presence brings comfort, their words bring wisdom, and their hugs bring warmth like no other. The classrooms at Timpany Senior Secondary School were filled with excitement and joy as students celebrated Grandparents Day with their beloved grandparents. The event aimed to honour and appreciate the significant role grandparents play in shaping their lives. Students presented songs, dances, and skits showcasing their love and appreciation for their grandparents.

\*Grandparents shared life experiences, wisdom, and memories with the students, providing valuable insights and lessons.

\*Students asked grandparents questions about their childhood, traditions, and historical events, promoting intergenerational learning.

\*The Grandparents Celebration was a heartwarming event that honoured the importance of grandparents in students' lives. It provided a unique opportunity for intergenerational learning, bonding, and appreciation.

# GOLDEN BONDS

## "GRANDPARENTS ARE A DELIGHTFUL BLEND OF LAUGHTER, CARING DEEDS, WONDERFUL STORIES, AND LOVE."

Students of Timpany Steel City School joyfully honoured their beloved grandparents in a heartwarming Grandparents' Day celebration, expressing deep affection and heartfelt gratitude to those who are truly the cherished pillars of every family. The classrooms echoed with applause and laughter as children presented soulful songs, touching poems, and lively skits, celebrating the wisdom, love, and guidance that grandparents lovingly share.

The event became a memorable occasion as grandparents and grandchildren shared joyful moments, exchanged hand-crafted greeting cards, and created lasting memories together. Mrs. Christobel Stevenson, Principal, extended her sincere thanks to all the grandparents for their enduring love and support. She expressed her desire to continue this beautiful tradition, celebrating the special bond between generations in the years to come.
